Shelf Life: Shelf life is approximately 12 months from packaging date. The shelf life of this product is one year from the date of packaging provided this product is stored in a cool, dry environment away from any source of moisture or high humidity.

Transportation/Storage:

1. Trucks carrying this product will be loaded and transported in a sanitary manner following all requirements stated in this specification.
2. It is recommended that the product be stored in a cool, dry environment. Ambient storage is acceptable, but prolonged storage at high temperatures may reduce the functional shelf life of the product.

Regulatory/Finished Product:

1. Product must meet all defined specifications and functionality requirements throughout the declared shelf life.
2. All product is produced under a routine quality inspection in accordance with good manufacturing practices.
